

Dryandra Primary School

An Independent Public School

26 NOVEMBER 2020

NUMBER 11

Dear parents and carers

It has been eventful few weeks at Dryandra Primary School with lots of exciting things happening to enrich the learning of our students.

Firstly, I would like to congratulate the students from Room 1 and Room 2 for an excellent assembly item last week. What great singers we have! Thank you for reinforcing our 'Working Together Wallaby' value and highlighting our expectation of packing our things away when finished. It was pleasing to see that classes are explicitly teaching and reinforcing our behaviour expectations. This is a sensational effort! Thank you to Mrs Bradstreet, Mrs Warr and Mr Plummer for their efforts. Well done!

WA BALLET VISIT

Our students have been very fortunate to have participated in a dance program last week. We had 30 students involved in a week long workshop coordinated by the WA Ballet. Our students performed superbly. They impressed the dance teachers with their persistence, attitude and positive approach. Well done! Next week these students will be seeing a performance of 'The Nutcracker' at His Majesty's Theatre. I am sure that the students will be in for a wonderful treat! Thank you to Mrs Kroczeck for organising this wonderful experience for our students.

FACTION CRICKET COMPETITION AND INTERSCHOOL CRICKET COMPETITION- DEC 4 2020.

Last Friday, our students participated in a faction cricket competition. This was a great way for our students to participate in an activity which is not something that they would normally undertake. Next week our school is hosting an interschool cricket carnival. Parents are welcome to attend. This is a wonderful way of promoting our school in the community. Thank you to Mr McGeever and all of the other teachers who have supported this event for our school.

FATHERING PROJECT 2021

Our school will be participating in the Fathering Project next year. This is being coordinated by our chaplain, Mr David Ward. Did you know that;

- fathers impact academic, social and emotional wellbeing of their children;
- effective fathering can help to increase self-esteem and resilience in kids;
- family and school connectedness impacts on levels of emotional problems in youth and
- fathers impact enjoyment of school and likelihood of behaviour issues.

With such an important role that fathers can have on the social and academic development of their children, it is important that schools offer an opportunity of providing support and information. Initially we would create opportunities for our 'dads or father figures' to get together socially and talk about ways that your children can be support. We are thrilled that we can begin to create this opportunity for our school community. If you are interested in finding out some more information or would like to be involved in some way, please let Mr Ward know by ringing the school office.

WHAT WOULD YOU LIKE TO SEE?

What would you like to see?

We are also interested in hearing suggestions about how to increase parent participation and involvement in our school. What would you like to see our school do? I am always open to suggestions about how we can make our school a better place. Please don't hesitate to send me an email on paul.biemmi@education.wa.edu.au or make an appointment so that we can consider your suggestion.

END OF THE YEAR EVENTS- BOOK AWARDS, GRADUATION AND CHRISTMAS CONCERT.

Please be aware that many of the end of year events need to consider the Phase 4 restrictions of COVID 19. Some of our events may require you to be outside of the undercover area so that we can manage the restrictions that are imposed. Please be patient as we attempt to accommodate the various features which are designed to keep our staff, students and parents safe. I look forward to seeing you all as we commence the countdown to the end of the year and celebrating our wonderful achievements.

Thank you
Paul Biemmi
Principal

ASSEMBLY NEWS

This assembly has been presented by our Year 1 students from Rooms 1 and 2 . For week 4 and 5 our school PBS focus was working together- we learn to pack away when we are finished. To help us pack away we learnt the song Clean it up. It was really hard to learn all the words and to sing them quickly but we persisted until we could do it. We still make a mess sometimes at school but we always clean it up quickly by working as a team.

DRYANDRA
PRIMARY SCHOOL

Kindy & Pre Primary
getting messy with mud!

Frederick from Kindy has been helping out his school and the planet by collecting and recycling containers. Collection boxes are around the school and we encourage our students and families to drop off their unwanted items. The boxes in the wet areas have photos of items that can be recycled. Our big collection bin is up in the office and when full, is taken away and this earns the school funds which are used around the school. Great work Frederick and his family.
